

House Wrens

by MaryBeth

July 10, 2001

Union Hall Road

"I observed these House Wrens taking care of their new hatch. Mr. and Mrs. Wren worked very hard during July taking care of their young."

Dragonfly

by Sonja

July 19, 2001

...on vacation

"It has a charcoal black thorax, a bluish-black abdomen with yellow stripes, clear wings, a 3 inch wingspan and is about 3 inches long."

MaryBeth Lalonde and Sonja Koster

Congratulations to the Winners of the 2001 MVFN Summer Field Sketch Competition

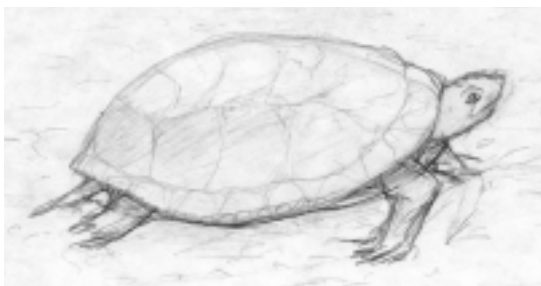

Common Loon

by MaryBeth

August, 2001

Buck Lake

"While on holiday I observed this loon riding on the waves in the lake. I like loons."

Painted Turtle

by Sonja

June 19, 2001

...on our driveway

"It had a brownish-black shell with red and yellow stripes on the sides, long claws, and was about 7 inches long and 4 inches wide."
